Presented by the Facilitating Racial Equity Collaborative (FREC)

## *DISRUPT RACISM AS USUAL*

October 28-29, 2016

Metropolitan State University, St. Paul, MN

REGISTRATION OPENS SEPTEMBER 1ST

### Keynote Speakers:

**Ricardo Levins-Morales** is a nationally recognized artist and activist, who went from drawing chickens on his small farm in Puerto Rico as a young boy to becoming deeply involved in political movements such as the Black Panthers and anti-war efforts in the '60s and '70s. His art and writing grow out of his relationships with communities and movements in the struggle for a more livable world.

**Breaking Ice** is a powerful and dynamic customized theatrical experience created by Pillsbury House Theater that challenges participants to examine some of the assumptions, biases, and disparities in our selves and our communities. Breaking Ice promotes justice and equity by instigating dialogue about difficult issues and inspiring our audiences to take action to undo racism and injustice.

Each day will include a full slate of workshops, with opportunities to **reflect, connect, & commit!**
